

19 NOVEMBER 2013

PHASE 1

CHAIRPERSON: Good morning everybody. Ms Ramagaga, I see you are sitting in front of the mic, I suppose you are the one who is going to kick off today?

MS RAMAGAGA: That is correct Chair. Mr Chairperson and
5 Commissioner Musi we would like to request for the matter to be or the hearings to be rolled over to tomorrow, we are not in the position to can commence with leading evidence. The witness Mr Odendaal is here and as a witness he does say that he is ready to be led. Now the challenges that there are, are
10 challenges that lie with the leaders of the evidence, we received the bundle that would be used for presentation of evidence this morning, we have been preparing based on the bundle which was not a final bundle that we have been having over time, but of key importance is that the bundle that we
15 have been using for preparation was not paginated and we only received the paginated one today.

If we are to proceed to, or we are to attempt to proceed to lead evidence today the evidence will not be presented smoothly because there could be challenges,
20 especially with regard to references that should be communicated to the commissioner and the chairperson. Also the documents that we intend using are not only the bundles of, or the bundle of Mr Odendaal, we intend also using some of the bundles that are already in possession of the commissioners
25 and the feedback that we have received from the Commission

PHASE 1

administrative staff is that some documents still need to be traced, so the challenges are a bit complex and as a result we know that yesterday we said we would be ready to proceed today.

5 And Mr Chair, yesterday after we adjourned we did try to push, so we did not just adjourn and go home, we worked until late but unfortunately we could not then have the bundle that is going to be used finalised and we arrived quite early today but it is not easy and practical to then just cross-
10 reference what had been prepared from unpaginated bundles on to the paginated bundle, thus we ask for the indulgence to be allowed to start leading Mr Odendaal tomorrow.

CHAIRPERSON: Ms Ramagaga, I think if at all you are going to use the volumes of witnesses who have already
15 testified I'll be happy if I can be told in advance which volumes are those because all my volumes are at home, so that I can be in a position to bring them tomorrow and we don't seem to be having a problem with adjourning until tomorrow.

MS RAMAGAGA: Thank you Chair, we will give the ... We
20 will finalise the list that we have given to the administrative staff as to what volumes we will require to be brought because all what we did was just to mention the names of witnesses that have testified without being specific about the required pages.
Thank you.

25 CHAIRPERSON: Thank you. Advocate Solomon.

19 NOVEMBER 2013

PHASE 1

ADV SOLOMON: Morning Chair, Commissioner Musi, we've no objection, we understand the challenges that the Evidence Leader Me Ramagaga faces, so we don't mind standing until tomorrow if it will facilitate the orderly leading of Mr
5 Odendaal's evidence. Thank you.

CHAIRPERSON: Advocate Cane.

ADV CANE: Good morning Chair, good morning Commissioner Musi, we have as the Department of Defence not been involved in this process in any way and so are unable to
10 comment in any way on whether this adjournment is actually justified and the challenges that I must accept my learned colleagues' word for that, we would obviously express our disappointment at the waste of time but I'm unable to comment further than I have. Thank you Chair.

15 CHAIRPERSON: Thank you, we'll adjourn until tomorrow morning.

(COMMISSION ADJOURNS)
