

OVERVIEW OF BARRY DE BEER'S STATEMENT

1. **Origin of the concept of trade Offset, Countertrade and Industrial Participation**

A brief explanation of trade offset, countertrade and industrial participation.

2. **Aim and rationale of the concept of Offset, Countertrade and Industrial Participation**

A brief explanation of the aim and rationale of trade offset, countertrade and industrial participation, and how it applied in SA.

3. **History and origin of the concept of DIP**

A brief explanation of the origin of the concept of DIP in relation to the concept of trade offset, countertrade and industrial participation as well as the introduction of the NIP Policy.

4. **Aim and rationale of the concept of DIP**

A brief explanation of the aim and rationale of DIP, and how it applied in SA.

5. **DIP principles and objectives**

A brief summary of the DIP principles and objectives, which DIP principles and objectives were used during the SDPP acquisition.

6. **Brief outline of the DIP policy**

A brief explanation of the DIP policies which applied during the SDPP.

7. **Standard process flow of DIP and how it is inter-related to the acquisition process**

An overview of the standard process which would be followed by the DIP Division in the acquisition of equipment on behalf of the DoD, only in respect of DIP.

8. **Standard process flow of DIP and how it is inter-related to NIP**

An overview of the standard process which would be followed by the DIP Division in the acquisition of equipment on behalf of the DoD, in respect of DIP and NIP.

9. **How was the DIP, employed or implemented in the SDPP**

A general overview of how DIP was implemented during the SDPP.

10. **Process flow for the evaluation of the SDPP specifically with reference to the DIP**

An overview of how DIP was implemented during the SDPP focusing on the evaluation.

11. **Criteria used in the evaluation of the SDPP specifically with reference to the DIP See Value system**

An overview of how DIP was used during the evaluation of the SDPP.

12. **The value of DIP and NIP offers as evaluated based on original equipment quantities as on 20 November 1998**

An explanation of how the values used during the SDPP acquisition were arrived at, including the figures in respect of job creation.

13. **DIP evaluations done on sub-system level**

An overview of how DIP was implemented during the SDPP focusing on the evaluation of the sub-systems in respect of the LUH, submarines and corvettes.

14. **What was contracted for in respect of DIP**

A brief summary of what was contracted for under the DIP Terms.

15. **What progress has been made towards fulfilling the DIP obligations within the SDPP**

A brief summary of the progress made towards fulfilling the DIP obligations. [Note: This aspect will be dealt with in more details in the statement of Pieter Burger].

16. **Measures put in place to monitor the implementation of the DIP obligations by the Obligators**

A brief summary of the measures put in place for monitoring the DIP obligations. [**Note: This aspect will be dealt with in more details in the statement of Pieter Burger**]
